

**Waiver and Release of Liability  
Regarding the Use of Waterfront and Related Activities**

We understand that Big Sandy Camp's (Camp) swimming beach, docks, boating docks, and shoreline are unmanned and have ***no lifeguards on duty***. We agree to take full responsibility for any member or members of our family. Any waterfront activities that take place are done so at our own risk.

The waterslide is only open when there is a Camp staff member on duty for which the staff member is responsible for its usage.

As participants (or parent/guardian), we have instructed and advised all members of our family regarding the status of the waterfront. We release and promises to indemnify, defend, and hold harmless the Camp for any injury arising directly or indirectly out of waterfront activities.
