SUPERVISION

Each cabin has two counselors and each activity is staff supervised, so campers are never left on their own.

Your child's safety is of the utmost importance!

What's New?

As we continue to operate during the Covid-19 pandemic, Summer Camp 2022 camper pickup is Saturday.

This is due to the Ohio Health Dep. regulations that prohibits cabin staff rotation. Having pickup on Saturday (from 3-6pm) allows our staff to have an evening off and spend Sunday morning sanitizing the camp for the next group of campers.

In order to make camp as safe as possible, our staff has gone through special training to ensure social distancing and sanitization procedures are properly followed.
