

Dear Summer @ Latin Families,

Welcome to the Transitions to Middle School class! We are so excited to work with you this summer.

Over the three weeks of our class, students will develop an executive functioning toolbox to prepare them for the middle school setting. Tools and strategies include engaging in goal-setting and goal-directed behaviors, understanding time and material management, working on flexibility, problem-solving and more! In addition to the transition to middle school work, we will also engage in and enjoy community-building activities to get to know each other and even have some fun outdoors!

Come ready to discuss, think, problem-solve, and share with your classmates! Materials, including a notebook, folder, and pencils, will be provided by your teacher on the first day of class.

NOTE:

Students should bring a water bottle and a personal reading book. Please leave any outside food and electronic devices at home.

Drop off and pick up information is below; please let us know if your pick up plan has changed by emailing both Summer @ Latin and me.

Drop Off	Pick Up
9:00 AM Latin Upper School Room 505 (Students will meet me in the Upper School lobby on the first day, and then may walk up to the classroom independently; signs will be posted with room information and directions.)	11:00 AM Latin Upper School Front of school (Students will be walked downstairs by the teacher and must be signed out by their approved pick up person.)

See you on the 17th!

Warmly,
Mrs. Amanda Schirmacher
