

Camp Wyldewood Behavioral Policy Part 2, continued

We find it important to let you know of the steps we take to give quality, safe child-care. Most of our children that come to camp will never experience a Major Incident Report, but we find it important to create another level of reporting that is more serious than the simple reports of the past.

We thank you for trusting us with your child.

Please sign below and return to Camp Wyldewood via our online registration or by mail--
