

Complete the Online Application

Create a New Account **or** log in with your username and password.

- Forgot your username or password? Click on the link “Forgot your login information?” on the login page.
- See below for important tips.
- Once you have completed the application and CHECKED OUT of your cart, you will receive an email confirming that we have received your application.

IMPORTANT TIPS:

- **15-20 minutes** is the average time to complete the online application.
- **CHECK OUT of the cart (double-check!)** when you are finished- you will receive an email confirming that we have received your application. You can submit without paying but you must check-out!
- **RETURNING CAMPERS** –most questions will be populated with last year’s information. In order for us to provide the best possible care for your child while s/he is at Camp, you will need to answer some questions again so all information is current.
- **GATHER THESE THINGS before you start:**
 - your family’s insurance info
 - contact info for an alternate contact person (not you!)

NOTE: If you have to stop the application before you finish, the info you've entered will be saved. **Follow the directions in FAQ (found in UltraCamp under the heading “Additional Options” on the toolbar of the log-in pg)**

OUR TURN: We will review your application and contact you if additional info is needed.

Once our team has reviewed your family’s application, **acceptance notifications will be sent via email.** Included in this message will be a **Family Camp Info Packet** - things to bring, when to arrive, etc.

If you have questions now or at any time during the application process, please email **OR** call Chris
