

Campers must have a health insurance card on file at camp unless the release in the Camper Medical History Form has been signed.

You may upload photos of the front and back of the card or bring the card/a copy to camp check in. **Uploading a health insurance card is not required to register for camp!**

To upload photos:

1. Take a clear photo or scan of both the front and back of the health insurance card
2. Open the document center
<https://www.ultracamp.com/info/documentcenter.aspx?idCamp=405&campcode=dec&lang=en-US>
3. Click on 'Upload Document'
4. Select 'Health Insurance Card'
5. Select the camper's name
6. Browse to find the photo and select it
7. Click 'Upload'

Repeat this process so each camper attending this summer have copies of both the front and back of the insurance card assigned to them (Step 5).

You will not see the uploaded document in your account until it has been processed by the Camps Administrative Team.
