

## Annual Physical Examination Upload

Please **clearly scan each page of the camper's physical examination within the last 12 months. Create ONE document with all pages of the physical examination** in the document and upload it here. *\*\*This system can only upload ONE document. If you try to upload more than one, it will lose your previous upload and only keep the most recent upload.\*\**

*Note: The physical exam must have a clear MD, DO, PA, or NP signature and date of examination. The physical exam is the same as your camper's annual well-child visit. The physical exam documentation is a requirement of the State of Minnesota.*

Thank you.
