

Proof of Physical/Immunization Record

Before the start of camp, there are two mandatory medical forms that must be collected for each camper. These forms are: (a.) physical within the past 24 months and (b.) certification of immunizations or laboratory evidence of immunization. Required immunizations include MMR, polio, and Td vaccine.

In the event that mandatory forms are not in the possession of camp staff at the time of drop-off on Monday morning, that camper will not be allowed into camp and the parents waive their right to any refund for any camp time missed. If you are unable to email or fax forms on time, you must provide a hard copy on the Monday morning of your camper's week. Campers without forms will not be admitted to camp. No exceptions.

Submitting Mandatory Medical Forms:

To submit mandatory medical forms, simply email them to 511@submitmyforms.com or fax to: 888-328-2451.
