

Parish Extend Dance Academy is proud to offer a wide range of classes for different skill levels. Each level progresses upon each other in a pyramid fashion, leaving no gaps in the dancer's education. Each class level is structured to be developmentally appropriate. Our syllabus is built on progression, growth, and technique rather than grade level or a dancer's age. If you are a new student entering Parish with previous experience, please contact Jessica Robinson jrobinson@parishepiscopal.org so that we may find the best level for your skill set.

Although we may suggest and recommend dancers to various classes, we do understand that students and parents may choose not to follow our recommendations.
