

Camper Health Insurance Card

Steps to upload

1. Please scan the **front and back** of your camper's health insurance card and save it as a PDF file. You can use a copy machine scanner or your phone with an app to scan documents into PDF format ([Adobe Scan](#) is a popular free option).
2. Click [this link](#) to take you to the document center in Broken Arrow Ranch's camp registration website where you can upload the scanned PDF of your camper's medical insurance card. Click "Upload Document" then select "Camper Health Insurance Card" as the document to upload (you may have to log into your account to upload this document).
