

Big Lake Youth Camp is now accepting ACH payments. This payment method is similar to CashApp, Venmo and PayPal and saves Big Lake a considerable amount of money as our processing fees are much lower when you pay using this method. To help save Big Lake money, please consider using a bank account as your payment method. If you currently have a credit card on file in your registration account, just click the “Change” link to the right of that credit card listed under your Payment Method in the cart.

Once you proceed to the next screen, you'll see a button to Add Bank Account. Click there and securely enter your bank account info. If you have scheduled payments, (such as from a payment plan), be sure to transfer currently scheduled payments to the new card or bank account by checking the box at the bottom of the page. This should be done *before* you save the payment account.
