

COVID 19 Immunization Records

The University of Maine has updated their pre arrival requirements to allow for participants who are fully immunized to optionally provide a copy of that immunization. At this time the University is requiring all participants COVID vaccinated or not to complete a at home rapid COVID test 24 hours prior to arrival. An image of this test can be uploaded by following the directions below or you can bring an image of the test on your phone to check in for our health Center staff to review. Thank you for your time and consideration of this.

To upload your file, first scan a copy of the document and save it as a jpg or pdf file.

Under the document center, scroll down to uploads. Select the form and then the person you are uploading the document for, choose your file and then select upload document.

Thank you
