

We are so excited that you will be joining us for EDGE Camp at Rock River Christian Camp!! My name is: Aaron Sweeney & I am the dean for your week. The theme for this year is: REVERSE based on Matthew 5:1-12. We will be sharing stories from the Bible that the outcome was "reversed" from what was expected.

EDGE is an experience like nothing else. We start each day with Worship & time with God. Then we have an opportunity to grow in His Word & put His Work into action. We will have several classes taught by our fun staff to help you learn more from the Bible. You will also have time to show God's love to the local community through work projects. Some of the places we have helped: animal shelters, nature preserves, churches, nursing homes, park districts and more.

At EDGE we have some fun traditions: night swims, faculty hunt, campfires and more! There are activities every night! Thursday is our DRESS UP night, so please feel free to bring a special outfit to wear that night for dinner.

Worship: Greenville University will be leading. They are a great group of students who share who God is through music and songs!

Missions: Commission Encounter is our focus this year! They work to send church groups across the United States and other countries to show Christ's love and help provide everyday needs. They have built churches and church camps, they have brought medical treatment for those in need. Amanda Rife will be with us to tell us more about it! We will take up an Offering to help support this mission.

We are excited to see what God has in store for us at EDGE!
