Week 2: June 20 - 24

Our second week of camp has been filled with more language and cultural learning as well as arts and crafts! Students had fun decorating their own bags with badges and markers, creating keychains and art out of Perler beads, and painting on real canvases. They learned about using colors and lines to express emotion, and created some truly beautiful works of art. On Friday, campers were treated to a show from the Bubble People, which did not disappoint! After the bubble show, we tried to use the same techniques to create our own bubble magic, with great success. What a blast!
