

Dear Corvallis Environmental Center Families,

We are so excited to have your camper join us at Sprouting Seeds!

Sprouting Seeds will be based out of Starker Arts Garden for Education. Campers will have the opportunity to explore the garden and learn new skills! Drop off and Pick up will be at the green gate at the entrance to the garden. Further information will be provided in an additional email prior to the start of camp.

Please read this letter carefully as some information may be unique to this camp.

Camp runs on 6/19-6/23 from 9am-3pm. Drop-off is between 8:45-9am. Aftercare WILL NOT be provided for this camp session.

Important Information:

- **We will be following local guidelines regarding Covid-19 precautions.** More information will follow closer to the date of the camp. Thank you for helping keep us safe!
- **Please check to make sure authorized pickups have been updated** to your familys' UltraCamp registration account. We encourage carpooling, but anyone who may be picking up your child **MUST** be listed as an authorized pickup. Here is the [link to log into your family account](#) and add a person to your authorized pick-up list.
- **Requests for campers to be placed together in a group** **MUST** be submitted via email or through our registration platform prior to 6/12. We understand that campers feel more comfortable when paired with a friend, and we are more than happy to accommodate these requests. Advanced notice is necessary for planning and administrative purposes.
- We request that you review our [Policies & Procedures](#) before camp begins for full details.
- The CEC is committed to reducing carbon emissions. If you can, please consider carpooling or using alternative modes of transportation. We've created a [Get There Oregon](#) event to help you connect with other families attending this camp.

You may reach out with questions before camp to CEC's Camps Coordinator by emailing camps@corvallisenvironmentalcenter.org or by calling **541-753-9211**.

Please let us know if you have any questions, comments or concerns. We look forward to seeing you and connecting your child with nature!
