Cowpoke @ Wrangler

Draw

Moo!!! Woo!!!

On the first night of camp, cowpoke wrangler draw is always the evening program. During this evening program new campers will draw a chip, red for cowpoke, and yellow for wrangler. Once they know what they are they go join their team. Then, you will go vote for sing song leaders with your team. Two of the trainies and one counselor will be chosen. Next you will learn your team songs. You will then go with your team and yell your songs at the other team. Finally, you will do Friendship circle and then go get ready for bed.

Connect the dots

Pirate Night

Last Night's evening Program was so fun because some of the counselors got to dress up as Pirates, and teach us how to be pirates! Some of the stations would be like how to make a DIY custom eye patch, or dance party's. It was all so fun because everyone just got to have fun and be themselves. There are also a lot more evening Programs, but this is just one. Then, after evening program we all do friendship circle and go to bed.

Canteen

Candy or Ice Cream? This is the question every Triple R girl must ask herself at 2:00 PM every day. During the time of Canteen all cabins and day camp groups come together to hang out, talk, or play Ga-ga ball & Nine Square. During the hour of Canteen, one Snack is provided to each camper. This snack could be Ice cream from the Outside Cooler, or a Candy from the Canteen Store. The triple R girls use this time to energize themselves for free Swim & all other later in the day activities. This being said, Which would you choose?
