Welcome to Student Stewards 2025 Spring Break Camp! We are very excited to host this educational camp and have prepared a variety of fun activities that we look forward to sharing with your child.

This camp's theme is **Global Explorers!**

Let's have a great week!

Weekly Schedule:

Monday, March 24: Antarctica

We will start the day off with a fun camp mixer so campers can make new friends and create our camp constitution. Then, we will dive into the freezing depths of knowledge by learning about the chilliest, most remote continent, *Antarctica!*

Tuesday, March 25: India

On this day, campers will explore the seventh largest country in the world, *India!* They will learn all about Indian wildlife, cultural practices, and more.

Wednesday, March 26: Field Trip!

For this week's field trip, campers will explore the **Fleischmann Planetarium and Science Center** with a showing of "Ice Worlds", followed by a picnic lunch!

Thursday, March 27: Costa Rica

Did you know *Costa Rica* is one of the most biodiverse places on the planet, yet is about the same size as West Virginia? Campers will learn all about the beauty and science of this small, abundant country.

Friday, March 28: Angkor

Campers will learn about Cambodia's lost city of *Angkor* through a scavenger hunt, games, and more. Plus, we will be having a BBQ lunch to celebrate the last day of camp!
