

Dear Parents and Entrepreneurship Students,

Hope you are enjoying your summer break thus far!

Here is a note to let you know that I have planned a week full of activities and fun as we delve into the fascinating topic of entrepreneurship! We will be discussing all the building blocks of entrepreneurship and have the opportunity to explore each topic in a group setting.

However, the highlights of this camp will most certainly be the field trips that lie ahead:

***Spooltown** on Tuesday, July 22: A local manufacturer of soft goods and accessories. Students will be inspired by Spooltown's mission to bring transparency to 'Made in America' products. Students will learn about what goes on in making of a handbag and more.

***Pensole Footwear Design Academy** on Wednesday, July 23: An innovative hub that provides its students with the opportunity and knowledge required to become a professional footwear designer. We will have time to peruse the resource library at Pensole and engage with a few Pensole students.

***Salt and Straw Ice cream** on Thursday, July 24: Need I say more? Students will learn how it all came to be so absolutely fabulous with a behind-the-scenes tour while tasting all that yumminess! Students can bring money to indulge further!

I am so looking forward to meeting everyone and learn about you and your ideas! See you all on Monday!
