

August 12, 2014

Dear Fashion Students,

Time is drawing near for our week long Fashion Runway Camp at OES and I have been busy planning for an exciting experience where you can all get a glimpse of what goes on into designing and producing a line of clothing.

We will start the week with a field trip to JoAnn Fabric store on **Monday, August 18th**. This will provide a great opportunity to be inspired by color and prints as well as to learn how to choose the right fabric, trimmings and notions for your project. Please drop off your child at OES & we will depart from here. The field trip will take place during camp hours and there's no need to bring money (material costs for fabric and patterns are included in the camp fee).

Please make sure your child brings home the fabric on **Monday** after class. It will need to be washed and returned on **Tuesday**.

The week will include creating inspiration boards, altering patterns and sewing your projects. We will have a few crazy busy days but should be all ready to present the work in a fun **Fashion Show held on Friday 8/22** (Details will be coming soon!) We will spend most of Friday preparing for the event by breaking into small committees that will concentrate on creating the runway, music selection, hair and make-up, as well as the line-up. Students from our earlier summer sewing camps will join in for the show. Please invite your family and friends to the show to cheer you on! Refreshments will be served at the event.

I look forward to seeing you all!

Katy Hadad-Dyler
