game of ball.

out of bed.

I ordered ham and eggs,
I ate so many pickles,
The juice ran down my legs!

Chorus

My mom was a martian,
Mydad was a spy,
And I'm the little stinker,
Who told the FBI.

Chorus

I went up to the attic
my friend was waiting there
they took a pair of scissors
and cut off all my hair

Chorus

I
I went down to the bus stop
it was already there
I knelt down by the tire
and let out all the air

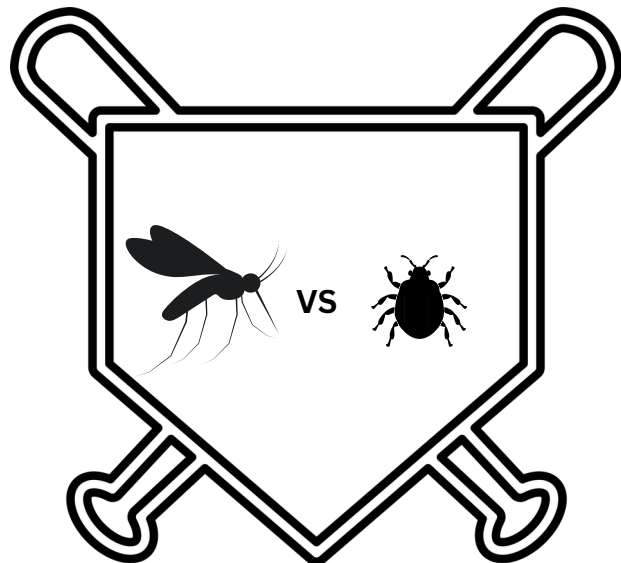

Chorus

I went outside to play,
I looked up in the sky,
I saw a little bluebird,
It poo-pooed in my eye.

Chorus

I went back to my bedroom,
To check up on the score,
The skeeters made a homerun,
And knocked me on the floor.

Chorus

You might want to have an actual prize that gets the contestants trying their best.

Script:

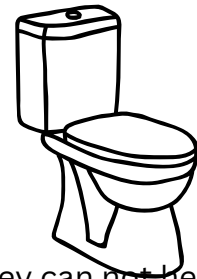

Back stage, the person tells the volunteers they will be in a contest to get the audience to guess their job. Give each volunteer a different job - racecar driver, weightlifter, horse jockey, newspaper delivery person, roller coaster rider, bull rider, ... whatever you can think of that might be interesting and can be done sitting on a chair.

Meanwhile, onstage, the other person is telling the audience that the chair is a toilet seat and we'll see how each of the volunteers use it.

Each volunteer is sent onstage, one at a time, to get the audience to guess their job.

Call out the first contestant and see what happens. When the laughs die down, have him stop and get the next contestant.

Once everyone has gone, bring all the contestants out and tell them that is how they use the toilet.

Glass of Water

Second person: "Then why are you looking over there." First person: "Are you kidding? It's too dark over there. You can't see a thing."

Banana/Bandana

Two people enter the stage. They should sit right next to each other, angled out slightly so they are not looking at each other. The audience should be able to see what both of them are doing, so they can't sit back to back. One needs a banana and the other needs a bandana. Make sure the kitchen has bananas before you plan to do this skit.

Human #1: Oh my gosh, I'm exhausted. Can we take a break from this hike?

Human #2: Sure, let's sit down for a minute.

Human #2: Oh you brought a badana too! That sounds nice right now (pulls out banana)

Human #1: Of course, I always bring a badana on a hike. It helps me cool down.

Human #2: (looks at their banana) That's odd, how does it help you cool down?

Human #1: Well, first I like to fold it in half, then dab it on my face. (performs actions with bandana)

Human #2: Are you sure? That's a little odd...

Human #1: I'm sure! It feels great, I do this all the time.

Human #2: Okay... (attempts to fold banana in half and dabs it on their face)

Human #1: And now you'll fold it in half again and rub it on the back of your neck.

Human #2: (folds the banana the other way and dabs it on the back of their neck)

Human #1: Sometimes I like to crumple it up and press it into my armpits

Human #2: (follows along) You know, this is actually cooling me down

Human #1: I don't know about you but I hate when my hair gets all sweaty. You can use it to get all the sweat out of there.

Human #2: (follows along) I actually feel a lot better! Are you sure I can eat this after all of that?

Human #1: Eat it?!?!?!?

Both turn to look at each other for the first time.

Human #2: You're using a bandana?! I thought you said banana!

Human #1: Why didn't you say something?!

Both laugh and leave stage.
