

Liven up your Thursday afternoon with a short trip to the Westbury Bank Aquapark! The park is fully supervised by certified lifeguards, so you can crawl, climb, and bounce your way across a floating playground of inflatable bridges, rock walls, and trampolines. When you're ready for a break, unwind on the smooth sandy beach or cool off in the shallow-water zone.

Campers will return to Anokijig in time for supper and evening activities. Life jackets are required for all participants while in the water and are provided by Westbury Aquapark.
