

Day Camp Foam Party

August 4, 2023

Fun for ALL ages, new and exciting, have a party that nobody else has ever had!

- Our special foam formula doesn't harm grass or clothing.
 - You might think foam is made from soap and water, so you are going to get cold, wet, and sticky. BUZZ! Wrong answer!!
- Although your clothes will get damp, you will not feel cold when you are in the foam, it will keep you warm. We do recommend wearing a bathing suit, bringing a towel, and a pair of water shoes/crocs/flip flops.
- The solution used in our foam machines is 100% naturally Organic making it 100% safe for you, your guests, and the planet.

Waiver must be completed prior to participating in this activity.
