Pathfinder Counselor JumpStart Certification Seminar Descriptions

JumpStart Note

Upper Columbia Conference developed the JumpStart seminars to be offered in one intensive day of 10 modules covering about 6 hours of training. To fit the NAD 75 minute model, we have placed the core subjects in five seminars. They developed a workbook/manual to cover the entire session. We have split that workbook into parts that fit each of the NAD sessions, and edited it for NAD standard nomenclature.

PYSO 121 Discipling and Discipline: An act of discipling

This session will consider the Biblical meanings of discipline and disciple. Christ gave us the perfect example of discipling. It will look at Christ's methods of evangelism as shared in Scripture and the practical lessons that we can draw from His methods and apply to our ministry. It then continues with the concept that to discipline, you need the heart of Jesus. It closes with the application of two principles: There are few discipline issues when the counselor is with their unit, and preventative discipline is the only true discipline.
