## Camper Guidelines

Striving for a safe and fun Camp Barnabas Texas experience

Following instructions and respecting authority of the staff and volunteers is vital to the success and safety of the camp program. It is expected that each camper will follow these simple rules to be best of their ability level. We realize the varying range of campers we serve will mean that these rules are guidelines to be used with each child, based on their ability to interpret and follow the rule.

1. Campers are to be within arms length of their "buddy" at all times.
2. Each person has a personal space that must be respected.  
Do not touch another person in any way, without their permission.
3. Respect others' property. Never borrow or move the personal items of another person, without their permission.
4. Food attracts insects; therefore do not have food in your cabin area.
5. Smoking and alcoholic beverages are not allowed at any area of the camp grounds.
6. Chewing gum is not allowed on the campgrounds.
7. Swimming is allowed only during designated times when lifeguards are on duty.
8. Activity areas at camp are to be utilized only during specified times when camp staff is available to supervise the activity.

"I understand that part of the camping experience involves activities and group living arrangements and interactions that may be new to my child. These experiences come with certain risks and uncertainties my child may not be used to dealing with. I am aware of these risks, and I am assuming them on behalf of my child. I realize that no environment is risk-free, and so I have instructed my child on the importance of abiding by the camp's rules. My child and I both agree that he or she is as familiar with these rules as possible and he or she will obey them to the best of their ability." By signing below you agree to discuss these guidelines with your camper(s) and you agree to help your camper(s) uphold these guidelines to the best of their ability.
