

6993 Hickory Nut Gap Road PO Box 428
BannerElk, NC 28604
(844) 465-7866 www.HolstonCenter.org
Jim Austin 423-202-1655 Crosby Palmer 469-435-0515

WHAT TO EXPECT:

- Each child will have their own table and chair.
- Camp will begin at 8:00 am and end at 5:30 pm
- Let us know if and when you may arrive late or leave early.
- The daily schedule will be distributed to parents and students at the beginning of the week.
- Dress your child appropriately for the weather (layers). We will keep windows open to promote air flow in buildings, and as you know, the temperature and forecast can shift dramatically in our area.
- We will divide the day into study and recreation periods. Student assignments will be done by lunch.
- Just like summer camp or school, we discourage parents/guardians to “drop in” because it may cause children to feel homesick. We are hoping to make this environment close to a class room experience.
- Let Crosby Palmer know about any medications your child may require.
- Let your Camp Counselor know of any special needs your child may have.
- We will make efforts to assist your child’s study habits and education, but we are not their teachers nor their disciplinarians. Their success will depend on all of us working together.

WHAT TO BRING:

- Clean Mask
- Standard school supplies as required by the class or teacher.
- A computer device with power charger
- Headphones or ear buds
