CAMP STORE/SWEET SHOPPE ACCOUNT PROCEDURES

In order to purchase items from the camp store and sweet shoppe, campers can utilize cash or funds available in their account through UltraCamp. Parents may make on-site purchases by cash, personal credit card (not at the Sweet Shoppe), or the UC account.

We strongly encourage campers to utilize the online account as much as possible to avoid the risk of lost cash. Campers visit the Sweet Shoppe just once per week, and we cannot provide supplementary money in the event that cash is lost or stolen.

To deposit funds into your camper's account:

1. Login to Ultra Camp
2. Click on the Cart icon on the left hand side that says "Store"
3. The next page should have a link that says "[Add money to the camp store / Manage store accounts](#)". Click on this.
4. On the next page you can view your transaction history, current balance, and deposit additional funds.
5. Click on "Next" after entering the amount you would like to add.
6. The next page will confirm that you've put this into your cart and will ask what you want to do. Click on "View cart" right above the light yellow box.
7. Follow the instructions to complete payment for this funds deposit into the store account.

Account Management

Please note that the system currently does not offer low balance reminders or spending updates, so you will need to monitor your account balance.
