

## **Wadhams Road Route TO Camp Cavell Alt. Route**

**This route is a pretty drive through the countryside.**

Just get off at I-94 at Wadhams Road Exit and head north or left. Then just follow the main drag as it turns and jogs along the way. The only real turns you have to make are when you finally get to the stop sign at Beard Road (where your road turns to gravel), make a jog by turning left for a mile and a half and then turn right again at the next corner (at the Dorsey House). Then after a bit when you see the sign for Lexington turn right (this is M-90). Turn left at the light in Lexington and go 4.5 miles to camp.
