## SFC Camper Family Requests

Dear Camper Family,

Slumber Falls Camp is excited to offer camps this summer. Though there are some changes this summer for extra precautions, we believe that this will be a summer that campers look back on fondly and grew in ways they could not have envisioned.

Safety is paramount for our ministries and guides all our activities. We have a robust plan to greatly reduce the spread of communicable diseases on our property, but we recognize that campers and families play a critical role in the overall welfare of each camp. For more details on what SFC is doing, please check out our SFC COVID-19 Response on our website under Summer Camps.

We are asking each camp and their family to follow the recommendations below to the best of their abilities.

### *Pre-Camp*

1. Read through your pre-camp email that has the Director's Letter, 2020 Packing Lists, SFC Camper Family Requests, and the Health and Safety Screening Form.
2. Log on to Ultra-Camp to verify all information is up to date and that descriptions are given for any allergies or health conditions.
3. Make sure your last payment (if on a payment plan) is squared away two weeks before camp. This greatly reduces the workload on our office staff. We are no longer collecting camp registration payments during check-in.
4. Pull together the packing list a week or two out to avoid shopping right before camp.
5. Purchase travel snacks, food, and drinks ahead of time for the trip to camp in order to avoid gas stations, fast food establishments, and large retail shops.
6. Practice good social distancing the weeks prior to your camp.
7. Avoid travel outside of the country or to high risk areas two weeks prior to camp.
8. Get plenty of sleep and use good hygiene to avoid getting sick.
9. Before driving to camp, please check your child's temperature. Campers with a fever cannot check in or stay at camp.

10. When driving to camp, be safe. Traffic is increasing and New Braunfels is a popular tourist destination.
11. When nature calls, take restroom breaks off the main thoroughfares to avoid the exposure to travelers along major roadways.
12. We are asking that only campers and one parent come to registration this year to avoid large gatherings.

### *Arriving at Camp*

1. Once at camp, drive to the registration area. Practice good social distancing.
2. Registration will be staggered at most camps to avoid many people arriving at the same time and congregating.
3. We are asking that each parent and camper(s) wear masks during the registration process. All the camp staff will also be wearing masks during this time.
4. The camp store will have items available for purchase outside.
5. The main lodge (Woelke) which is also the dining hall, will be locked down during registration.
6. Parents will go through the registration process with their camper.
7. Parents can help take their camper's belonging to cabins. We are asking the parents of our older campers to say goodbyes outside of the cabins and let their counselors help them set up their beds if needed.
8. Please be mindful driving on the property and follow the posted speed limit signs.

### *After Camp*

1. Camper pick-up begins at 10am on the last day of camp.
2. Parents will collect their child from their cabin and then proceed to that camp's designated area for check out and luggage pick-up.
3. Please maintain a safe social distance.
4. Parents are welcome to walk around the camp ground and take photos with their child.
5. We are striving to have all campers picked-up by 10:45 am so we can begin the sanitation process before the next camp staff arrives.
6. If your child does develop any symptoms following camp (whether you believe they got something from camp or afterwards), we are encouraging parents to notify the office. We want to notify parents if there was a possible exposure to any communicable disease.

If you have any questions, please feel free to contact the office. We are continually evaluating our health and safety procedures, and your questions, comments, and feedback are most appreciated. We are stronger together, and the skills we develop now will aid us as we become the people God is calling us to be.

Thank You!
