

SafeStop is Available at Dwight School!

SafeStop is the school bus tracking app for parents. Register today using the easy steps below!

Why Register for SafeStop?

Our **FREE**, easy-to-use mobile app features neighborhood maps and a MapView bus locator so you'll never have to guess when the bus will arrive at your bus stop! Using GPS technology, the app updates every 30 seconds to help you better plan your busy day. In addition, you can have up to two user names per account to share access between parents or caregivers.

Available Features:

- Real-time map to locate your child's bus
- Expected Arrival Times for the bus at your bus stop
- Alerts & Messaging Center for service notifications and other updates
- **Secure registration process** that ensures only parents and authorized caregivers can access student information

How to Register:

- (1) Download the SafeStop app and create your account! SafeStop is available on the Apple App Store or Google Play Store, or via the web at www.SafeStopApp.com/web.
- (2) If downloading the app for the first time, be sure to allow notifications from SafeStop so that you can receive Alerts & Messages from your school administrators or bus provider.
- (3) Securely register with your 2017 Access Code

Your 2017 Access Code is: **10DIPS**

- (4) Need help getting started? Download our User Guide at www.SafeStopApp.com.
- (5) Still have questions? Chat with our Support Team at support@safestopapp.com or (800) 843-8936.

Setting Up Your Account:

- (1) Login to your account and select "Add a Bus Stop".
- (2) Enter your home address to search for stops.
- (3) Choose the bus route your child takes to and from school to see available bus stops.
- (4) Find your bus stop and add it to your account by checking the box next to the name.
Make sure to add your stops from both your AM and PM routes!
- (5) Tap the ✓ in the top right corner of your screen, and you're all set!
