

Camp Hawkeye

CiT - Program Area Choice

One important part of the CiT Program is each individual's participation in one or more of the Program Areas. CiT's act as apprentices in one or more of our Program Areas throughout the session. Each CiT will spend time learning to plan, organize, present, lead, and follow up on activities in each of the Areas at which they apprentice. Each individual gets to specify area(s) at which they are most interested in spending their time. These choices are used to develop the specific CiT schedule that will include Training Times, Group Planning Periods, Choice Activities, Group Activities, Out-of-Camp Wilderness Trips, and all-camp special activities.

Program Skill Areas

The following is a list of activities offered at Camp. Please order the Program Areas at which you would most like to apprentice during your time at camp this summer. In addition please check all activities that you feel comfortable assisting and circle those which you would like to learn to lead or teach (Don't necessarily need to be within your top three).

_____ Expeditions Activities:	<input type="checkbox"/>	Backpacking	<input type="checkbox"/>	Camping	<input type="checkbox"/>	Shelter Building

	<input type="checkbox"/>	Other (please list) _____				

This form gives the CiT Coordinator and our entire Leadership Team a good idea of what types of things most interest you as an individual and allow us to better schedule each participant. Simply because you specify an activity as one that you would most like to do does not necessarily mean that you will end up spending most of your time in that area. Similarly, because you list an activity as one that you would least enjoy apprenticing at does not mean you will not spend any time there. Please remember that this is a guide for administrative use and scheduling decisions will try to be made in coordination with each CiT's preferences but ultimately the decision lies with the CiT Coordinator.

Please take a minute to add any additional information regarding your preferences here:
