- ☑ 2 parent meetings are held per 10 week session where parents receive verbal and written feedback on their child's progress
- ☑ Program directors are licensed and have extensive experience with neurodiverse needs

**\$900 for 10 weeks. Payment plans & financial assistance may be available**

*"I cannot say enough good things about Quest Camp and the difference it has made in my son's life over the past two summers. April and her staff are able to motivate and engage my son in ways that other programs have not been able. Through Quest Camp, my son has been able to connect with other children and not feel socially awkward. He is building friendships and confidence. This is an amazing program with top notch staff."*
