Camper Goals and Objectives

Camp Orchard Hill Will:

- 1.) Provide opportunities that stimulate the development of each camper. Campers will have the opportunity to choose their own activities, make friends and discuss the events of their day with their counselors. Counselors will work to create a physically, emotionally, relationally and spiritually safe place.
- 2.) Provide situations for each camper to set goals and challenge themselves while discovering their own abilities. Campers will participate in a variety of activities that will challenge them and they will learn at least one new skill.
- 3.) Allow each child to experience group living. Campers will live and eat together in groups and participate in group activities where they will have the opportunity to discuss their day together and make community building decisions.
- 4.) Help each camper appreciate their natural surroundings and take an active role in the stewardship of our environment. Campers will have the opportunity to recycle, keep the environment clean and respect the environment by staying on trails, not picking flowers, cleaning up, etc.

In case of Emergencies

Since the program has no way of determining what each person considers an emergency, the general camp practice is to contact parents when there is a concern about the camper's health and or when a situation is not progressing as expected.

If outside medical attention is necessary, every attempt will be made to notify the parent/guardian prior to treatment and immediately after conclusion of treatment. All contact, successful and unsuccessful, is documented on the individual's health form.

Purpose Statement : Camp Orchard Hill exists to meet the physical, emotional, relational and spiritual needs of campers, families and our community through the love of Jesus Christ.
