

DAY CAMP INFORMATION

Prior to Camp:

Prior to attending camp please log into your camp account and check that **all forms** have been updated for the current year. If your camper has attended multiple years please **update their photo** in the system to a more current photo.

Please **note any allergies** in the system that our staff need to be aware of during your campers stay.

Please **verify that your contact information** is accurate and up-to-date and review your authorized pick ups, removing or adding persons authorized to collect your camper each day.

If your camper has medications that need to be given at camp please plan on parking in the main lot on the first day of camp and bringing these over to our check-in table. Please bring these in the original, labeled bottle.

During Camp:

If you need to reach someone during the camp day please note the following phone numbers:

Day Camp Director Cell (talk/txt): 319-213-6314
Main Camp Line: 319-286-4508
Camp Director: 319-286-4510
Camp Nurse: 319-286-4506

With the exception of our DC Director phone our other lines will most likely ring to voicemail as we are often away from our office and in the field with the campers. Please leave a message and we will get back to you asap!

After Camp:

At the end of the day campers can be collected from the drop off zones. As you arrive we will indicate which zone to pull up to. Please be sure to have the collecting person (on the authorized pick up list) bring their **photo ID** with them. This will be used to verify pick up of your camper.

DAY CAMP DROP OFF ZONES

The colored canopies on the roundabout are used to drop off and pick up your camper from Day Camp. If you need to speak to someone, please park in the main lot and come over to the building. For early morning extended care campers please take the sidewalk to the Winter Lodge building.
