

MFS MS After-School Clubs - Fall 2019

Chess Club for Grades 6 – 8

We're excited to welcome back Coaches Luke and Ty from *The Knight School!*

Get ready for this high octane approach to learning chess for the next two months. Coach Luke and Ty invite every player, new to the game or seasoned competitors, to join in as they use super-fun teaching methods such as fast chess clock-slapping games, dynamic chess videos, a strict bully-free environment, driving music, and Mardi-Gras beads for reinforcement. In this child-centered classroom environment, students are taught every cool trick, strategy, opening, and tactic in the game. Students soon learn to love and master the game of chess while learning to masterfully manage their experience in the classroom, on the sports fields, and at home.

Join Coaches Luke and Ty with the [*The Knight School*](#) chess program and watch your child gain academic confidence, analytical ability, personal integrity, chess friends, and a smarter self-identity.

Don't wait! Register online through the Summer/Auxiliary Programs registration system ([UltraCamp](#)). Directions can be found on myMFS. Questions may be directed to Martha Cameron, Director of Auxiliary Programs, mcameron@mfriends.org or 856-914-4493.
