DO I NEED A DAY CAMP OPERATOR PERMIT?

All day camps (for-profit, non-profit and public agency) must have a permit in order to operate in the East Bay Regional Park District. The Day Camp Operator Permit is offered June through August. Any day camps operating outside of those months requires a Special Event Permit. Camps are considered to be operating in the East Bay Regional Park District when the park is the primary business location, i.e. kids are dropped off and picked up at the park. In most cases, a permit is not required for occasional field trips that start and finish at the provider's own facilities.

Advanced notification is required for swimming:

see <http://www.ebparks.org/activities/swimming>.

DAY CAMP CAPACITY & SIZE:

- Day Camp programs may not exceed 200 participants.
- In many parks, no more than two (2) sites may be used due to high demand.
- Site reservations are required. Sites must be selected to accommodate the total number of attendees comfortably. Park District staff reserves the right to place camps in appropriate locations if one is not chosen by operator.
- Camps are not allowed to overflow into non-reservable or other reservable sites. Lawn areas and play structures may be used by day camps; however, use must be coordinated with the Park Supervisor in order to enable use by other groups and the general public.
- The site reservation requirement *may* be waived for groups of 30 people or less if the Park Supervisor approves an appropriate and safe drop-off and pick-up location.

RESERVATIONS & FEES: Priority for sites is given to day camps who submit their requests in writing by **the last Wednesday in September** to reserve for next summer. Bookings are first-come-first-served. Tentative reservation contracts will be emailed in October.
