## Welcome Letter For New Campers

We are so excited to welcome each and everyone one of you to our Cranbrook Day Camp family! We have been hard at work planning events and training our staff to ensure that your child has the best camp experience this summer. Our goal at CDC is the holistic development in health, happiness, and life skills within a safe and encouraging environment with guidance of qualified staff to allow each camper to develop his individual abilities. Our camp has a long standing tradition of teaching kindness, respect, and character. These are the values we live by. Be kind. Show respect, and have good character. We discuss these values with campers every morning and we work on living out these values each day at camp. Each week campers will get to participate in a wide variety of activities including: soccer, swimming, basketball, lacrosse, archery, tennis, field sports, and canoeing. We look forward to meeting you on Monday!

## MEET OUR CDC TEAM

My name is Chad Chappell, and I am honored to serve as the new Director of Cranbrook Day Camp (CDC). Although new to the Cranbrook Community, I am no stranger to summer camp management. I have 13 years of experience as a full-time camp director overseeing year-round residential and day camp programs. When the school year is in session, I serve as a school administrator for a local school district. This year, I chose Cranbrook for myself and brought my three fantastic children, aged four, eight, and thirteen. When I'm not at camp, my lovely wife and I cherish spending quality time together with our kids, relishing life and having fun in the sun!

*At CDC respect, individuality, and trust are at the forefront of everything we do. Please feel free to reach out to us so that we can ensure that your child shares that experience.*

Hello! This is my first year working for the summer camps, but I've worked in the Cranbrook Upper School as a Spanish teacher for many years. I'm excited to take on a new adventure this summer as the Office Administrator! In my role at camp, I'll be making sure everything behind the scenes runs smoothly.
