

KINGSWOOD DAY CAMP

Week 8

DEAR KINGSWOOD DAY CAMP FAMILIES,

Thank you for an amazing summer! We truly enjoyed having your campers here with us this year and we hope they had as much fun as we did. It is hard to believe that camp has come to an end, the eight weeks went by so fast. We had such an outstanding summer with all of the great activities, new friendships, and memories that will last a lifetime. Enjoy the rest of your summer, and we hope to see your campers next year!

Thank you,
Sarah, Marissa, Rachel, and Carly

LOST AND FOUND

If your camper has lost any items, they will be in the **Special and Summer Programs Office** at 21 Valley Way. Please see information from Special and Summer Programs regarding lost and found. Any questions, please call (248) 645-3674, Option 9, Option 1.

WEEK 8 HIGHLIGHTS

Please take some time to read about and look at the activities the campers have done this week and the 2021 summer highlights!

This was the girls' favorite week in science! Each girl got to do a coke and mentos volcano outside, followed by a static electricity experiment using salt and pepper. They were amazed to see the pepper rise onto a plastic spoon but not the salt after rubbing it on a wool towel! To end the week, the campers got to make edible DNA. As summer comes to a close, the girls overall got to make predictions in experiments and learn how scientific problem-solving works. Their overall favorite activity this year was making oobleck! 😊 I hope everyone has a wonderful school year! -Dakota

It's so bittersweet to be ending camp this week with your wonderful campers! We have had so much fun and I have loved watching them use their talent and voices in drama. This week, campers voted on their favorite games from this summer, and we've played them in class as a fun way to wrap up the summer. As your camper which game was their favorite and what their favorite part of drama was this summer. Have a great rest of the summer! -Ava

This week in dance class the campers enjoyed making a group dance! What they did was each camper came up with a dance move and then we added on that movement one at a time to create a full dance! This summer, the campers have gained confidence through learning dance and expressing themselves through movement. I had so much fun teaching and growing with them all!

-Grace

WEEK 8 HIGHLIGHTS

This week the girls at Kingswood did a few different activities. First, they used cut up pieces of paper to create mosaics. A lot of girls took inspiration from stained glass windows, while others made a variety of pictures. The girls also worked together to create a collaborative mural with their group name, and went outside to draw with sidewalk chalk.

This summer campers were always very excited to come to art. Some of their favorite projects were making clay creations, using different materials from oilspastels to water colors, and making beaded keychains. The girls also loved making lanyards, always asking if they could start a new one when they finished their projects. Thanks for a great summer! -*Rachelle*

This week in archery the girls participated in a tournament! There was one winner for each group. That winner earned a super unique pin! The campers loved the realistic targets and the competition. This summer has been awesome with the campers. They have had so much fun doing archery! For so many girls this was only their first or second time doing archery so it was really exciting. I hope everyone has a great end of summer and school year! -*Olivia*

As the campers are climbing into the canoes for their final time at KDC, I have introduced them to Canoe Tag! This game requires campers to throw balls into another canoe to tag them, kind of like the game of Battleship. This summer was filled with learning canoe skills, playing canoe games, and enjoying being on the lake. I am really impressed with their improvement since week 1! I hope everyone has a great school year and that the campers enjoyed canoe as much as I did! Thank you -*Geoffrey*

WEEK 8 HIGHLIGHTS

As we wrapped up our final week of camp, we completed the Yoga Olympics! It was so much fun to end the summer with the campers putting their yoga skills to the test in the various events. The campers favorite part of the summer was exploring partner poses. I modeled a pose first, and then each pair had the opportunity to create their partner pose and do it with the group. This really challenged their creativity and teamwork! Thank you all for a mindful and fun summer! *Kayla*

This week in music the campers made up their own songs and had to fit random words that I gave them into the song. At the end of class they performed their songs to their group. Some campers even made up a dance! Be sure to ask your camper about their song! I have had an amazing time this summer being the KDC music instructor and getting to know the campers. Thank you! *-Sara*

In sports this week we played many team games. These games included tag, kickball, and basketball. It was a great way to end the 8 weeks of camp! I think one of the highlights at camp this summer was the Capture the Flag Tournament. It was a camp favorite and mine too! *-Riley*

This week in tennis the campers practiced their serves and volleys by taking different positions on the court. After that they played 3 v. 3 games! The campers have improved their tennis skills so much since week 1 which include their serving, volleying, and tennis knowledge!

Kingswood Day Camp Summer 2021 Highlights

☀️ Thanks for a GREAT Summer! ☀️
