In Nature this week, the girls made stress balls and played a nature-themed four square game. The stress balls became their new favorite toy of the week! Next week, we have a very special 2-day activity of Critter Hide & Seek that will teach the girls all about the importance of camouflage in the wild. 🌳

This week is water week at Kingswood! Because of this, we are shooting at water balloons this week at archery as a fun game. If the girls pop a balloon, they get a pin and it splashes water. This is very exciting for everyone and all the campers are having so much fun! Next week we will have another fun targeting game, this time with a twist! 🎯

We had so much fun in drama this week! Our new friends have fit in so nicely! Groups 1-8 have spent this week working on scenes and performing them for each other. Our older campers have worked together to create short plays for our younger campers. Next week we will be working on team/ensemble building activities! 🎭

This week the campers at Kingswood got to tie dye! The girls chose a design for their shirt to make with rubber bands, then dipped them in buckets of colored dye. The girls had a lot of fun making spirals and choosing whatever colors they wanted. They also spent some time making cards for friends, family, staff, and more for Camp Kindness Week. Next week, the campers will be decorating flower pots for them to put plants in, and learning some fun drawing techniques using perspective and optical illusion! 🎨

This week, we enjoyed yoga outside on a beautiful patio surrounded by trees and blooming flowers. Campers looked to nature for inspiration on their yoga poses and recreated them for their group to view. Next week, we look forward to starting out Yoga Olympics! The campers will be given tasks of varying difficulty levels that challenge them to grow, learn, and have fun! 🌿

This week in Canoe we were back on the water! The campers were able to test out all of the skills they have been learning on land. The campers enjoyed getting out on the lake and being outside. I can't wait to be on the water next week as they continue to improve their skills, play Canoe Tag, and earn some pins! 🛶
