

Vol. 2

STEM Camp Newsletter

Summer 2025

Announcements:

STEM Campers swim every Friday! Please send swim gear on Friday mornings if your camper wants to swim.
Lost something? Ask your camper to check our lost and found or give us a call in the office.

This Week:

This Week's Theme: Wild Wonders

Week # 2 Spectacular Scientists

Purple Parrots
Cameron F.

Orange Iguanas
Musa A.

Blue Barracudas
Woojin S.

Green Monkeys
Luke R.

Red Jaguars
Isaac K.

This Week's Highlights:

Week 2 theme was Wild Wonders! Campers were immersed into an exploration of Earth science and ecology. Throughout the week, they dove into the intricate systems of our planet, studying ecosystems, biodiversity, and natural resources. Thanks to all our campers for your patience as we beat the heat together this past week!

Looking Ahead:

The theme for Week 3 is **Blast Off!** Campers leap into orbit this week by exploring rocket-powered flight, building and launching rockets from our field, exploring the galaxy, and engaging in challenges to tackle the conundrum of sustaining life in space.
"It's definitely rocket science!"

Staff Spotlight:

This week, we will meet the instructor and counselors for the **Orange Iguanas!**

"Hi everyone! My name is **Sarah** and this will be my FOURTH summer at STEM Camp! I'm excited for another great year of rocketry, biology, and all the other fun modules we have planned! During the school year I work as a special education paraprofessional for Clarkston Schools, and I have worked with children for almost 10 years. I enjoy gardening, boating, hiking, and being outdoors in my free time! I'm looking forward to another great year at STEM!"

A'Blesyn writes, "Hey! Hey!! Hellooo! >o< I'm super excited to say that this is my second summer at STEM Camp! I'm for sure most excited to create a bunch of new meaningful moments and memories with the staff and the kids. When I'm not at camp I'm most likely somewhere serving fashionable looks and radiating creative vibes and positive energy. I'm sooo looking forward to Cranbrook Stem Camp 2025!"

Ella says, "This is my first summer at STEM camp, I'm most excited about our powerhouse of the cell week! Currently I am studying Genetics and Genomics at the University of Wisconsin-Madison. When I'm not at camp, I enjoy spending time with friends and going up north."

Reminders, Location, and Contact:

Cranbrook is a nut-free campus.

Campers should bring a re-usable water bottle.

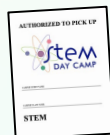

Camper should dress to participate in indoor and outdoor activities.

All medications must have proper documentation.

Valuable or collectible items should not be brought to camp.

Anyone picking up your camper must have a pick-up authorization sign.

Swim Fridays

Campers who want to swim must bring swimsuit and towel.
