Campers will need to be dropped off at 9:00 A.M.

Pick up will be at 3:00 P.M.

Please be sure to have your **SIGNED AUTHORIZATION FORM AT PICKUP**

Please refer to the image for instructions

SWIM

Please have campers who would like to swim bring their things with them. **STEM Camp swims Monday and Friday.**

STEM CAMP

WEEK 4

Grades 3-5:

Advanced Electronics

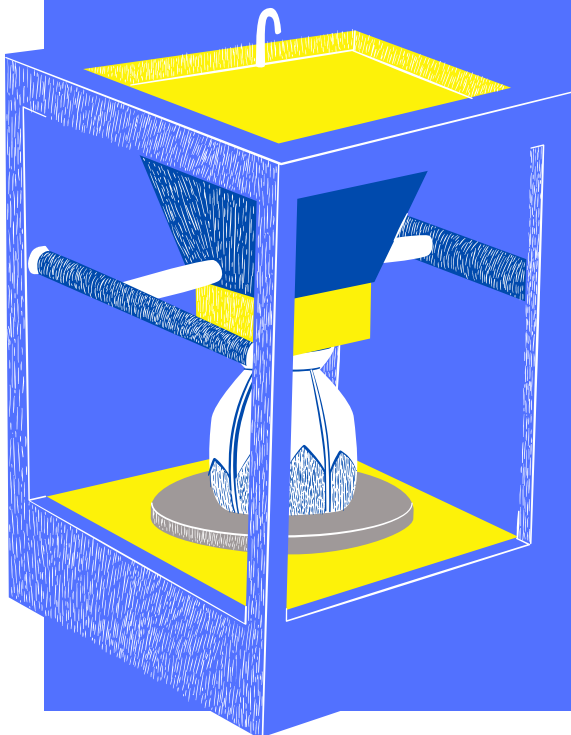

Campers explore electromagnetism and circuitry through a series of hands-on projects and interactive labs!

Grades 6-8:

3D Printing for Beginners

Campers spend the week learning the 3D printing process, building spatial reasoning skills and learning how to use CAD and slicing software to bring their designs to life.

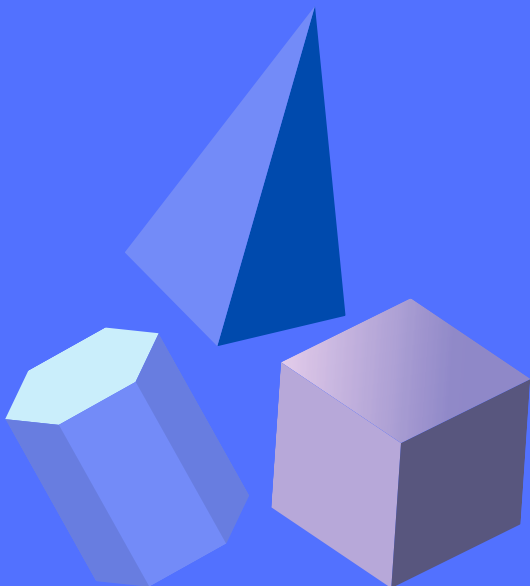

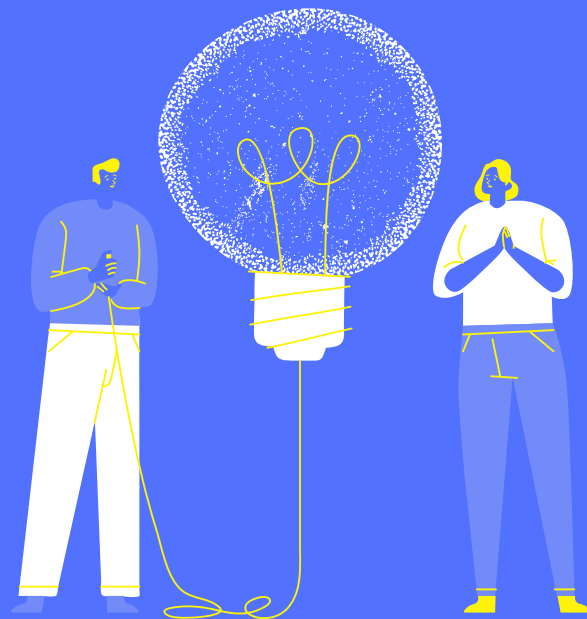

STEM CAMP

LOOKING AHEAD: WEEK 5

Be an Energy Engineer

Grades 3-5

Campers start this very hands-on week exploring the energy within the world around them, and, using their own creativity, find unique ways to use this energy. Then, armed with their new knowledge, campers team up to brainstorm and present ways to solve an energy crisis within the community.

3D Printing Advanced

Grades 6-8

Campers dive deeper into the world of 3D printing with new design strategies and more challenging projects. 3D printing experience suggested.
