

CincyNature Camp

Grouping Policy and Procedure

Children will be separated into preassigned groups for all camps except Early Childhood Camps at our Nature Preschool. The group that your child is assigned to will be your camper's trail group for the week.

- If your child has a friend or relative registered in their camp and you wish to place them in the same trail group, please indicate this on your online health form in your [CincyNature Camp \(UltraCamp\) account](#) under the "Additional Information" section; we will do our best to accommodate as long as you indicate this **two weeks prior** to the start of camp.
- If you wish for your child to be placed with a friend or a family member whose ages are not within one year of one another, our policy is to place the older camper with the younger camper's trail group.
- Groups will be preassigned according to age and registration.

***Please note that our policies are subject to change based on conditions at the time of the program. Please see our website at www.CincyNature.org for updates.**
