

MEET YOUR CINCYNATURE CAMP STAFF!

Anne Horne
Camp Director

Hi, I'm Anne, the Camp Director for CincyNature Camp! As Public Engagement Manager, I oversee our summer camp programs, public programs, and the Nature PlayScape - and work closely with our team to create safe, meaningful, and joy-filled experiences for every child.

I have worked as a camp professional in some capacity for 25 years. I'm passionate about helping children build confidence, curiosity, and a lifelong connection to nature. Whether campers are exploring the creek, hiking the trails, or creating nature-inspired art, my goal is to ensure every child feels welcomed, supported, and excited to be here.

I'm especially proud of our dedicated camp staff, who bring incredible energy, care, and creativity to each day. Together, we work to make camp a place where kids can try new things, make friends, and create lasting memories in the outdoors.

I'm so glad you're here and can't wait to share a wonderful summer with your family!

Hey, I'm Sydney! This is my 7th summer with CincyNature camps and I cannot wait to meet the campers!

I have a degree in Biology and Environmental Studies from the University of Cincinnati and just wrapped up a 2-year Environmental Interpretation Internship here at Cincinnati Nature Center.

You can find me catching snakes in the woods, reading a book near the lake, or line dancing down by the river. Here's to the BEST SUMMER EVER!
