

How to Add/Edit Medications

- 1) Log in to your UltraCamp account and select the person who is taking medications by clicking on their name.

- 2) Once on her profile, scroll down to the "Medications" bar and expand that section using the "+" icon to the right. Then click "manage medications".

3) On the medications page, you will be asked to complete all of the required fields. As you begin typing the medication name, it will automatically populate several options. Please choose the appropriate medication for the participant, then select the route (if it doesn't fill in for you automatically), the reason for taking the medication, and the frequency.

Add Medication

Medication Name:

Route:

Reason for Medication / Comments:

Frequency:

Add Medication

Medication Name:

Medication	Route
ADDERALL 10 TABLET	ORAL
ADDERALL 12.5 TABLET	ORAL

Route:

Reason for Medication / Comments:

When you select the frequency, more options come up, so you'll also select the schedule and dosage from the drop down options.

4) Select save when completed
