

Fall 2020 Participant School Schedule Upload Instructions for the Walden West Connecting with Nature programs

To help us organize the small groups for your session in the Connecting with Nature program, we would like to group together students with similar school schedules.

1. Please scan or take a picture of your child's/children's school schedule(s).
2. From the Ultra Camp Document Center, click the  button next to Fall 2020 Participant School Schedule.
3. Select your image (.jpeg) or scanned file (.pdf) from your computer for uploading. If your child's school sent you their schedule as a .pdf, we suggest you upload that file.

Thank you!

The Walden West Staff
