Week 3: June 27 - July 1

This week, Explorers got really creative! Not only have they been building on their projects from language and culture class, but exploring other subjects and areas of creativity too. Whether learning to bake their own brownie batter from scratch, using dye to color our camp T-shirts, or creating their own stuffed animal and giving it a name, Explorers have been enjoying getting to express their creative sides. We finished up the week with a local trail hike and scavenger hunt along the San Leandro reservoir. Our favorite parts were being out in nature and seeing all the new sights!
